## Evening Schools

---

Evening schools are held during the winter months in the Drury, Houghton and Greylock buildings; the sessions consisting of 40 evenings. In order to keep up the interest and to prevent the Christmas holidays from interfering with the attendance, a vacation of two weeks is granted, thus dividing up the session into two parts.

The course of study includes all the ordinary branches taught in day primary and grammar schools, as well as such branches of high school work as are most useful in ordinary walks of life.

The evening schools are under the same efficient supervision of Superintendent Hall, that is found in connection with our day schools. While the work done cannot compare in amount, with that completed in the ordinary primary and grammar courses it proves sufficient in quality to be of the greatest aid to those who most need it, and who are compelled by law to attend the evening school.

See Mark Hopkins School.

Candidates for admission to any of the Normal schools must have attained the age of seventeen years complete, if young men, and sixteen years if young women, and must be free from disease or infirmity which would unfit them for the office of teacher. They must, 1, present certificates of good moral standing; 2, give evidence of good intellectual capacity (records of their scholarship standing in the high schools are desired); and 3, be graduates of high schools whose courses of study have been approved by the board of education; or 4, they must have received to the satisfaction of the principal and board of visitors of the school, the equivalent of a good high school education. Successful experience in teaching is allowed to be taken into account in the determination of equivalents in the entrance examinations.

---

For 1902 and thereafter, until further notice, the examination will be on the following groups of subjects:

1. Languages—(a) English, with its grammar and literature, and (b) one of the three languages, Latin, French and German.

2. Mathematics—(a) Arithmetic, (b) the elements of algebra, and (c) the elements of plane geometry.

3. History and Geography—The history and civil government of Massachusetts and the United States, with related geography and so much of English history as is directly contributory to a knowledge of United States history.

4. Science (a) Physical geography, (b) physiology and hygiene, (c) physics, (d) botany, and (e) chemistry.

5. Drawing and Music—(a) Elementary, mechanical and free-hand drawing, with any one of the topics—form, color and arrangement, and (b) musical notations.

### **Records of Scholarship.**

The importance of a good record in the high school cannot be overestimated. Reasonable allowance in equivalents will be made in case a candidate, for satisfactory reasons, has not taken a study named for examination.

### **Oral Examinations.**

Candidates will be questioned orally either upon some of the foregoing subjects or upon matters of common interest to them and the school, at the discretion of the examiners. In this interview the object is to gain some impression about the candidates' personal characteristics and their use of language, as well as to give them an opportunity to furnish any evidence of qualification that might not otherwise become known to their examiners.

### **Written Examinations.**

The written examinations occupy two days in order to lessen the strain on the candidates and allow proper time for the correction of papers. In each subject several questions are submitted, from which the candidate selects the required number.

### **Times of Examinations.**

Entrance examinations for candidates wishing to enter in September will be held:—The first examination on Thursday and Friday June 26 and 27; the second examination on Tuesday and Wednesday, September 9 and 10. Preliminary examinations are allowed in June. Candidates are advised to present themselves at the first examination. New classes will be admitted only at the beginning of the fall term.

### **General Two Years' Course of Study.**

This course is designed primarily for those who aim to teach in public schools below the high school grade.

### **Three Years' Course.**

This course includes the subjects of the two years' course and additional elective studies from the mathematics, science, language, art and psychology. This course will fit graduates for highest grammar grades and departmental teaching.

### **Kindergarten Course.**

This course extends through a minimum of two years and includes such studies of the two years' course as immediately pertain to kindergarten work, instruction in the history and theory of kindergartens, and practice in teaching.

### **Special Course for Teachers.**

Teachers of several years of successful experience in teaching, who give evidence of maturity, good scholarship, and of aptness to teach, may, with the consent of the principal and of the board of visitors, select a course, including the course in psychology and pedagogy, and when such course is successfully completed they shall receive certificates for the same.

### **Expenses.**

Tuition is free to all residents of Massachusetts who declare their intention to teach in the public schools of Massachusetts. For others the tuition is fifty dollars a year. Text books and supplies are free as in the public schools. State aid to a limited extent may be granted to deserving persons, citizens of Massachusetts, after they have been in attendance for at least one term, provided they do not live in towns where Normal schools are situated.

Rule 39. Immediately upon recovery, death or removal of a person afflicted with contagious disease the room or rooms occupied by the patient must be disinfected to the satisfaction of the Board of Health. This work is performed by Inspectors of the said Board.

Rule 40. In all cases of diphtheria and membranous croup, the patient will be held in quarantine until the attending physician or the Board of Health shall have received a negative culture from the State Board of Health.

#### SCHOOL ATTENDANCE.

Rule 41. No child ill with whooping cough, measles, purulent ophthalmia, chicken-pox, mumps or any other contagious disease is allowed to attend school, nor is any child allowed to attend school in the city while any member of the household to which such child belongs is ill with small-pox, diphtheria, scarlet fever, measles or membranous croup during a period of two weeks after the death, recovery or removal of such person. The length of time must be certified to in writing by the Board of Health.

Rule 42. No pupil who by reason of the foregoing rule, has been debarred from school attendance, shall be readmitted to any school in the city without a written permit from the Board of Health. Such permit may be issued when the attending physician has certified in writing to the Board of Health that in his opinion the child may attend school without danger of communicating any contagious disease.

#### Early Symptoms of Measles, Scarlet Fever and Diphtheria.

The early symptoms of these disease may often be recognized by teachers in the schools and in any case a physician's opinion should at once be demanded when suspicion is aroused.

In the case of Measles the early symptoms would be as follows: some cough, suffusion of the eyes, running at the nose, feverishness and lassitude. The eruption generally occurs first about the forehead, neck and face, and is of a reddish color and of a circular or semi-circular form.

In Scarlet Fever; general lassitude, feverishness, headache, sore throat, vomiting, and a fine red eruption about the ears, neck and shoulders, are the first symptoms.

In Diphtheria: general symptoms resembling a cold, with some rise of pulse and temperature, sore throat, are first observed, and should arouse suspicion.

In fact any case of sore throat found in the schools, a physician's examination should most properly be asked.

These general facts if borne in mind might in some cases lead to the detection of a disease which would be a source of great danger to the school at large if allowed to progress until the child was actually sick enough to be obliged to stay out of school.

If the foregoing rules and regulations are carefully observed the closing of the public schools for epidemic diseases will seldom, if ever, become necessary.

With the greatest of care it is often hard to say how soon a patient may with safety return to school after once having been sick of contagious disease, and it becomes all the more necessary that the judgment in such cases should not rest with too many, but should come from the Board of Health alone.

After any child has once been debarred from school attendance it shall not be readmitted until it shall have first presented the teacher with a certificate. This certificate will in all cases be issued by the Board of Health and should alone be recognized.

Rule 43. The Principal of any school upon the receipt of information satisfactory to him that any pupil attending school under his charge has visited a household where at the time of such visit, small-pox, diphtheria, membranous croup, measles or scarlet fever existed, is authorized to suspend such pupil for a period of two weeks next following such visit.

Rule 44. When children are absent from school on account of illness, and whenever the Principal has reason to suspect the existence of contagious disease in any household, he is authorized to exclude pupils from school until the case may be properly investigated. The teachers are required to exercise caution in

---

sending pupils to the houses of absent pupils to ascertain the reason for such absence, specially forbidding them to enter the house to which they are sent. Pupils are not permitted to be sent where contagious diseases are believed to exist in the household of absent pupils.

Rule 45. The body of any person dying, who has previously and within twenty-four days from date of death been reported by the attending physician to the Board of Health, as having had cholera, small-pox, diphtheria, membranous croup or diphtheretic croup or scarlet fever, shall within twenty-four hours, be interred.

Rule 46. Whenever quarantine has been established by the Board of Health upon or in any house within said city in which any contagious or infectious disease exists, by a placard affixed to such house, such quarantine and all the provisions thereof shall be maintained until the recovery or death of the person or persons affected with such disease has been reported to said Board, and until the said house has been thoroughly disinfected and such placard removed by said Board.

Rule 47. Two weeks after the disinfection of any such house so quarantined has been released by the Board of Health of said city, a written permit shall be issued by said Board authorizing the return and re-admission to school of any child or children resident in such house; provided that no other case of contagious or infectious disease shall have appeared in such house in the meantime.

Rule 48. In excluding pupils from any house in which small-pox, scarlet fever, measles, diphtheria and membranous croup exists, two or more buildings must be considered as one house if there is any direct communication between them; or if it is possible to enter or leave the two residences by means of the same hall, stairway or door.

Rule 49. If it comes to the teacher's knowledge that any pupil visits the house infected or attends the funeral of any person dying of those diseases, such pupil must be excluded at once and the case referred in writing to the Board of Health.

Rule 50. Teachers in the public schools are directed to follow the letter and intent of these rules and refer all questions that may arise to the Board of Health. Superintendents and officers of Sunday schools are requested to comply with these regulations as far as practicable.

## DEATHS, BURIALS, CEMETERIES, ETC.

Rule 51. It shall be the duty of every Superintendent of a cemetery or other person in charge of any cemetery or burying-ground within this city, to receive permits issued for burials in said cemetery or burying-ground; to preserve the same and to furnish the Board of Health of said city, upon Monday of each week, a written report, upon blank forms to be furnished upon application by said Board, of all burials or caused to be made by him.

Rule 52. It shall be the duty of the undertaker, near relatives or any other person having charge of the funeral or burial of the dead body of any person within said city who has died of Asiatic cholera, yellow fever, typhus fever, small-pox, scarlet fever, diphtheria, membranous croup, to keep such funeral strictly private and to permit no other person or persons excepting the immediate members of the deceased person's family who are resident at the place of death, and the officiating clergyman or minister, to be present thereat; and to convey such dead body directly from the place of death to the place of burial and in no other vehicle than a hearse, and the funeral to take place within twenty-four hours after death.

It shall be the duty of the undertaker, near relatives and of any other person or persons within said city, who shall have charge of the burial or shipment, or of the preparations for the burial or shipment of the dead body of any person who has died of any contagious or infectious disease, to observe and obey the following rules and regulations embodied in this section:

The said body shall then be enclosed in a tightly sealed casket, and said casket shall be placed in a zinc or tin-lined box hermetically sealed.

Rule 54. Every grave in which any dead body shall be buried within the city shall be dug to a depth of not less than five feet below the surface of the ground.

Rule 55. No new cemetery, burying-ground, vault or tomb for the reception and burial of dead human bodies shall be established within said city, without a permit so to do first being granted by the Board of Health of said city. No additions shall be made to those already in use without the same authority.

Rule 56. All licenses granted by the Board of Health may be revoked at the pleasure of said Board.

The Board of Health of the City of North Adams do hereby make and establish the following regulation:

That no person shall expectorate upon the floor, seat or other part of any coach, street car, or other public conveyance.

"Any person violating the provision of this regulation shall forfeit a sum not exceeding one hundred dollars."—P. S., Chapter 80, Section 18.

The financial year shall begin with the first day of December in each year.

Section 53. Nothing herein contained shall affect the enforcement of the provisions of chapter three hundred and twenty of the acts of the year eighteen hundred and eighty-four, being "An act to improve the civil service of the Commonwealth and the cities thereof," and acts in amendment thereof and in addition thereto, or of the rules made by the commissioners appointed thereunder; and the city council shall make sufficient and proper appropriations for the carrying out and enforcement of said act and such rules in said city.

Section 54. Whenever mechanical or other work is required to be done, or supplies are required for the city, at a cost amounting to five hundred dollars or more, the board or committee having the matter in charge shall invite proposals therefor by advertisements in not more than two newspapers published in said city, such advertisements to state the time and place for opening the proposals in answer to said advertisements, and reserving the right to said board or committee to reject any or all proposals. Every proposal for doing such work or making such sale shall be accompanied by a suitable bond, or certificate of deposit, for the faithful performance of such proposal, and all such proposals shall be kept by the officer or board inviting the same, and shall be open to public inspection after said proposals have been accepted or rejected.

Section 55. All contracts made by any department of the city shall, when the amount involved is five hundred dollars or more, be in writing, and no such contract shall be deemed to have been made or executed until the approval of the mayor is affixed thereto. All such contracts shall be accompanied by a bond with securities satisfactory to the board or committee having the matter in charge, or a deposit of money or other security for the faithful performance of such contracts: and such bonds or other security shall be deposited with the city auditor until the contract has been carried out in all respects, and no such contract shall be altered except by a written agreement of the contractor, the sureties on his or their bond, and the officer or board making the contract, with the approval of the mayor affixed thereto.

Section 56. No loan except such as may be incurred in anticipation of taxes shall be made except upon and after the written recommendation of the mayor, made to the city council and passed by a two thirds yeas and nays vote. All bonds and notes issued by the city shall be signed by the treasurer and countersigned by the mayor, and any coupons attached thereto shall bear the signature of the treasurer either in the original or a fac simile.

Section 57. The board of public works shall fix and establish the prices of rents for the use of water, which shall not be made less in any instance than the prices and rents now established by the prudential committee of the North Adams Fire District, until the bonded indebtedness now or hereafter created by said district or city for the purpose of supplying the inhabitants of said district or city with pure water shall have been paid; and the income received therefrom, in each year, after deducting all expenses and charges of distribution of such year, shall be applied as follows: First, to the payment of the interest on the debts and loans now or hereafter incurred by the said city and by the North Adams Fire District for the purpose of supplying said city and said district and the inhabitants thereof with water, and of such part of the principal sum thereof as shall become due in such year; second, after paying such interest and principal sums the residue of such income shall be used to supply the city and inhabitants thereof with pure water in the discretion of said board and any balance of such residue not so used shall be paid into the treasury of the city for general city purposes. As long as there shall be any debts of the city that shall have been incurred in supplying said district or said city or the inhabitants of either with water there shall be raised each year by taxation a sum which, together with the said income, shall be sufficient to pay the interest on all such debts and such part of the principal sum as shall become due in such year.

---

Section 58. Upon an acceptance of this act, as herein provided, the selectmen of said town shall forthwith divide the territory thereof into seven wards, so that the wards shall contain as nearly as may be consistent with well defined limits to each, an equal number of voters, and they shall designate the wards by numbers. They shall, for the purpose of the first municipal election to be held thereunder, which shall take place on the third Tuesday of December next succeeding such acceptance, provide suitable polling places in the several wards, and give notice thereof, and shall at least ten days previous to such third Tuesday in December appoint all proper election officers therefor, and they shall in general have the powers and perform the duties of the mayor and board of aldermen of cities, under chapter four hundred and seventeen of the acts of the year eighteen hundred and ninety-three and acts in amendment thereof and in addition thereto, the provisions of which shall so far as applicable apply to said election; and the town clerk shall perform the duties therein assigned to city clerks. The registrars shall cause to be prepared and published according to law lists of qualified voters in each of the wards established by the selectmen.

Section 59. All laws relating to the town of North Adams when this act shall be accepted as herein provided, shall, until altered, amended or repealed, continue in force in the city of North Adams, so far as the same are not inconsistent herewith.

Section 60. All special laws heretofore passed concerning the fire district in the town of North Adams, which shall be in force in said fire district when this act shall be accepted, as herein provided, shall, so far as the same are not inconsistent herewith, be extended to and continue in force in the city of North Adams until altered, amended or repealed.

Section 61. Upon the first day of January next after the acceptance of this act, as herein provided, the North Adams Fire District in said town shall cease to exist, and all the property, powers and privileges of the said district shall vest in the city of North Adams, and all the debts, duties and liabilities of the said fire district shall become the debts, duties and liabilities of said city.

Section 62. The passage of this act shall not affect any right accruing or accrued, or any suit, prosecution or other legal proceeding pending at the time when this act shall go into operation, and no penalty for forfeiture previously incurred shall be affected thereby. All persons holding office in said town or in the fire district in said town at the time this act shall take effect shall con-

tinue to hold the same, notwithstanding the passage thereof, until the organization of the city government hereby authorized shall be effected and until the successors of such officers shall be respectively elected or appointed and qualified.

Section 63. The selectmen shall notify the persons elected at such first election, and shall provide and appoint a place for the first meeting of the mayor and city council on the first Monday in January next ensuing: and shall by written notices left at their respective places of residence at least twenty-four hours prior to such meeting notify thereof the mayor-elect and councilmen-elect, who shall immediately proceed to organize and carry into effect the provisions of this act, which shall then have full force and effect. The selectmen shall, in like manner, appoint a place and time for the first meeting of the school committee and notify the members thereof. Nothing herein shall affect the annual meeting in said town for the election of national, state, district and county officers, which may be held next after the acceptance thereof.

Section 64. The question of the acceptance of this act may be submitted to the legal voters of said town at any time within two years after the passage thereof at an annual meeting or any meeting called for that purpose, except in the months of November and December. At such meeting the polls shall be open not less than eight hours, and the vote shall be taken by ballot in accordance with the provisions of chapter four hundred and seventeen of the acts of the year eighteen hundred and ninety-three and acts in amendment thereof and in addition thereto, so far as the same shall be applicable, in answer to the question: "Shall an act passed by the general court in the year eighteen hundred and ninety-five, entitled 'an act to incorporate the city of North Adams,' be accepted?" and the affirmative votes of a majority of the voters present and voting thereon shall be required for its acceptance. If at any meeting so held this act shall fail to be thus accepted, it may, at the expiration of three months from any such previous meeting, be again thus submitted, but not after the period of two years from the passage thereof.

Section 65. So much of this act as authorizes submission of the question of its acceptance to the legal voters of said town shall take effect upon its passage, but it shall not take further effect unless accepted by the legal voters of said town as herein provided. [Approved March 22, 1895.]

VOL. 6. THE NORTH ADAMS EVENING TRANSCRIPT, THURSDAY, JUNE 14, 1902. No. 321

---

## THE NEWS.

---

### A Member of the Associated Press.

The Transcript is the only North Adams paper which exclusively receives the Associated Press dispatches by telegraph and is able to give the latest world's news 17 hours before the metropolitan dailies reach this city.

### Repertorial Staff.

The Transcript employs a larger force of news-gatherers and pays more money to get news than any other paper, and as a consequence has a superior city service. It frequently gives in full, important news 24 hours in advance of other local papers.

---

All the people of North Adams, Adams and Williamstown can be reached by the use of one paper—that is the best one—The Transcript.

Advertising in The Transcript costs you twice the money, but you get four times the service.

The sworn daily average circulation for the month of March, 1902, exclusive of spoiled and unsoiled papers, was 4,771.

We warn the public against all kinds of frauds, particularly broken-up-and-down printers, gold-brick swindlers, key-ring sissies, bunco insurance agents and hole-in-the wall directory canvassers and alleged publishers, and shoemakers on the side, blackmailers and all-rounders, here to-day—in jail to-morrow. Watch 'em! Look out for 'em! Patronize only well-known people.

## To Find a Name

*You must know how to spell it. It is not uncommon for members of the same family to spell their names differently, preserving the pronunciation. A few instances as follows: Brown, Browne; Cain, Kain; Kane; Cavanaugh, Cavanough, Kavanough; Chase, Chace; Cohen, Cohn, Kohn; Kelley, Kelly; Kenney, Kenny, Kinney; Miller, Mueller, Miehl; Paine, Payne; Read, Reed, Reid; Rider, Ryder; Hines, Hynes; and especially the French names.*

*Directories are arranged and printed in exact alphabetical order. If the examiner knows the way the name is spelled and follows out the order of the alphabet, he will save time and vexation of spirit.*

## This Book Is Secretly Numbered

And should it be LOST or STOLEN please report to us immediately, as we have a record of the number and will advertise for and use every effort possible to recover same. We will gladly assist in prosecuting the party or parties purloining it from the rightful owner.

## To Find a Name

*You must know how to spell it. It is not uncommon for members of the same family to spell their names differently, preserving the pronunciation. A few instances as follows: Brown, Browne; Cain, Kain; Kane; Cavanaugh, Cavanough, Kavanough; Chase, Chace; Cohen, Cohn, Kohn; Kelley, Kelly; Kenney, Kenny, Kinney; Miller, Mueller, Miebler; Paine, Payne; Read, Reed, Reid; Rider, Ryder; Hines, Hynes; and especially the French names.*

*Directories are arranged and printed in exact alphabetical order. If the examiner knows the way the name is spelled and follows out the order of the alphabet, he will save time and vexation of spirit.*
